

File Flex Suspension Circle Diffused

code FXA48.840/01

PRODUCT DESCRIPTION

File Flex is a patented products of Lucifero's made of versatile extruded aluminium profile, which can design infinite shapes. Its asymmetrical section is designed to realize unique lighting effects meanwhile ensuring optimal illumination levels. The linear LED source screened by a flexible opal extruded silicone diffuser creates seamless lighting effects. The system allows the use of blind modules, multi-optic from Leva series or adjustable spot from Spot Focus series Ø26 and Ø36

PRODUCT SPECS

| | |
|---------------------------|---------------------|
| Installation method | Suspension |
| Absorbed power | 203 W |
| Color temperature | 4000K |
| Color rendering index CRI | >80 |
| Finishing | White |
| Luminaire luminous flux | 30290 lm |
| Luminous efficiency | 149 lm/W |
| MacAdam color tolerance | 3 |
| Power supply/transformer | Not included |
| Energy efficiency class | D |
| Weight | 14.8 Kg |
| Dimension | Ø3000 mm |
| IP Grade | IP40 |
| Protection Class | Class III appliance |
| Product Spec | Circular shape |

REGISTERED DESIGN - File Flex is a versatile extruded aluminium profile, which can design infinite shapes. Its asymmetrical section is designed to realize unique lighting effects meanwhile ensuring optimal illumination levels. The linear LED source screened by a flexible opal extruded silicone diffuser creates seamless lighting effects. The system allows the use of blind modules, multi-optic from Leva series or adjustable spot from Spot Focus series Ø26 and Ø36. It has to be completed by stabilized drivers 24V or 48V.
