

## Notte system - module Focus 2 luci

code FR041IP.930Z/01

### PRODUCT DESCRIPTION

Night System is a modular system designed to illuminate architecture. Exterior walls both vertical and horizontal, brick , concrete , coats, ceilings and countertops. The system has two profiles 40 mm or 78 mm to which different lighting elements can be integrated: LED linear source, LED reglette and Focus line Spot elements, the anti-glare lines of the LEVA collection offer the possibility of accent lighting. Degree of protection IP66.

### PRODUCT SPECS

|                              |                             |
|------------------------------|-----------------------------|
| Installation method          | Ceiling surface mounted     |
| Light source                 | LED                         |
| Absorbed power               | 2x8 W                       |
| Color temperature            | 3000K                       |
| Color rendering index CRI    | >90                         |
| Optic                        | Asymmetric                  |
| Finishing                    | White                       |
| Luminous flux of the product | 1019 lm                     |
| Luminous efficiency          | 64 lm/W                     |
| MacAdam color tolerance      | 2                           |
| Life time estimate           | 2SCDM 50.000h L90 B10 ta25° |
| Protocol                     | On/Off                      |
| Energy efficiency class      | D                           |
| Weight                       | 0.70 Kg                     |
| Dimension                    | L300xW38xH85 Ø36 mm         |
| IP Grade                     | Ip56                        |
| Power supply                 | 220-240V 50-60Hz            |
