

Iground Fixed 36

code IG001A.930W/20

PRODUCT DESCRIPTION

Collection of walk-over recessed floor luminaires with integrated Chip On Board LED sources with monochromatic emission, fixed or adjustable optics. The tilting is obtained without having to open the article, thanks to a mechanical movement located on the lamp body. The body, circular in shape, is available in three sizes Ø 65 mm, Ø 84 mm, Ø 132 mm and made of anodized aluminum, with an AISI 316L stainless steel flange, complete with extra-clear tempered safety glass, without visible screws. The fixtures are supplied with 2 meters of neoprene cable. Additional 5m, 10m, 15m or 20m cable is available upon request. Cylindrical outer casings available. IP67.

PRODUCT SPECS

| | |
|------------------------------|----------------------------|
| Installation method | Recessed with frame, Floor |
| Light source | Led |
| Absorbed power | 6,7 W |
| Color temperature | 3000K |
