

## Iground Adjustable 100

code IG005D.930S/20

### PRODUCT DESCRIPTION

Collection of walk-over recessed floor luminaires with integrated Chip On Board LED sources with monochromatic emission, fixed or adjustable optics. The tilting is obtained without having to open the article, thanks to a mechanical movement located on the lamp body. The body, circular in shape, is available in three sizes Ø 65 mm, Ø 84 mm, Ø 132 mm and made of anodized aluminum, with an AISI 316L stainless steel flange, complete with extra-clear tempered safety glass, without visible screws. The fixtures are supplied with 2 meters of neoprene cable. Additional 5m, 10m, 15m or 20m cable is available upupon request. Cylindrical outer casings available. IP67.

### PRODUCT SPECS

|                              |                                       |
|------------------------------|---------------------------------------|
| Installation method          | Recessed with frame, Floor            |
| Light source                 | Led                                   |
| Absorbed power               | 12 W                                  |
| Color temperature            | 3000K                                 |
| Color rendering index CRI    | >90                                   |
| Optic                        | Spot 19°                              |
| Finishing                    | Acciaio satinato                      |
| Luminous flux of the product | 982 lm                                |
| Luminous efficiency          | 82 lm/W                               |
| MacAdam color tolerance      | 3                                     |
